SECTION 63.71 APPLICATION

Niths Communications Group LLC d/b/a Bridgequick.com ("Niths" or the "Applicant"), through its undersigned counsel and pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. §214, and Section 63.71 of the Commission's rules, 47 C.F.R. §63.71, hereby files this application to discontinue the resale of its interstate toll-free number based voice and web conferencing services ("Services") to all of its customers. The Applicant has only eight (8) subscribers and it is a reseller of interstate services only. Therefore, as an interstate only reseller of toll-free based voice and audio voice and web conferencing services, the Applicant has no obligation to notify any state entities or state Governors of its discontinuance of service because it is not proposing to discontinue any intrastate service. The Applicant intends to discontinue its interstate operations entirely.

The Applicant is not a carrier. The Applicant does not provide intrastate service. The Applicant does not provide international service. The Applicant is not a competitive local exchange carrier (CLEC), incumbent Local exchange carrier (ILEC), or long

distance carrier. The Applicant is a reseller of interstate toll-free based voice and audio voice and web conferencing services only.

In support of this Application, Niths submits the following information:

I. Description of Discontinuance

1. Name and address of carrier

Niths Communications Group LLC d/b/a Bridgequick.com
8201 Greensboro Drive, Suite 300
McLean, VA 22102

2. Date of planned service discontinuance

Niths proposes to discontinue its toll-free based voice and audio voice and web conferencing services on September 30, 2013.

3. Points of geographic areas of service affected

The proposed discontinuance of service will affect the eight (8) Niths' customers that use its toll-free based voice and audio voice and web conferencing services. Niths' customers are currently located in Virginia, Maryland, Georgia, Texas, Colorado and California. However, as stated above, Niths provides only interstate, not intrastate or international service.

4. Brief description of the type of service affected

The Applicant proposes to discontinue the provision of its toll-free based voice and audio voice and web conferencing services that are currently used by eight (8) individual and business customers.

5. Brief description of the dates and methods of notice to all affected customers

Written notice to all of the Applicant's customers was sent via U.S. mail, first class postage prepaid, on June 21, 2013 in accordance with Section 63.71(a)

of the Commission's Rules, to the affected customers. A copy of the customer notice letter is attached as **Exhibit A** hereto.

6. Non-dominance of the carrier with respect to the service to be discontinued

The Applicant is not a carrier, it is a reseller of toll-free based voice and audio voice and web conferencing services. Therefore, it is non-dominant with respect to the services that it proposes to discontinue.

7. Service

As explained above, as a provider of exclusively interstate services, the Applicant is not required under Section 63.71 of the Commission's rules to mail copies of this Application to any public utility commissions or Governors. Out of an abundance of caution, the Applicant has mailed a copy of this application to the Secretary of Defense, Special Assistant for Telecommunications, as required under Section 63.71. A service list is attached hereto.

8. Additional questions regarding the application may be addressed to the undersigned or:

Jagadeshwara Rao Kodali
Owner, Niths Communications LLC d/b/a Bridgequick.com
8201 Greensboro Drive, Suite 300
McLean, VA 22102
Phone: 571-257-4190

II. Circumstances of Discontinuance

The Applicant has determined due to changes in the market conditions and drastic advances in the conferencing technologies, it needs to discontinue its resale of its toll-free based voice and audio conferencing services. The Applicant's discontinuance of its services to customers is necessary and appropriate due to the obsolescence of the technology used to provide this service currently, and it will not adversely affect the public convenience and

necessity. The public will not be unduly harmed by the Applicant's discontinuance of the services described above because customers have been given notice that affords them an ample opportunity to transfer to a new service. Additionally, the Applicant is not a carrier, CLEC, ILEC, long distance provider or intrastate provider. The Applicant provides exclusively interstate services that are readily available from other entities, including other resellers or carriers. Additionally, Niths' discontinuance of service more than meets the Commission's minimum 30-day notice requirement for discontinuance of domestic services.

III. Conclusion

The Applicant believes that the proposed discontinuance is reasonable and necessary. As outlined herein, as an interstate reseller of toll-free based voice and audio voice and web conferencing services, the Applicant's proposed discontinuance of service is not unduly disruptive to the public convenience and necessity. Accordingly, the Applicant respectfully requests that the Commission grant this Application, thereby permitting the Applicant to discontinue the provision of Services to its customers pursuant to Section 63.71.

Respectfully submitted,

Craig D. Dingwall, Esq.

[CUSTOMER NAME]

[CUTOMER ADDRESS]

Dear Bridgequick.com Customer,

Due to changes in the market conditions and drastic advances in the conferencing technologies, BridgeQuick, a wholly owned subsidiary of Niths Communications Group LLC, will discontinue its resale of its toll-free number based voice and web conferencing services ("Services"). This letter serves as formal notice that, subject to the approval of the Federal Communications Commission ("FCC"), Bridgequick.com plans to discontinue its voice and web conferencing services on September 30, 2013. After that date, your conference recordings will also no longer be available for download.

As a benefit to our existing subscribers, you will not be charged for use of the discontinued Services after August 31, 2013. Customers with positive balance on their accounts will receive their refund checks by October 15, 2013.

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. Address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of Niths Communications Group LLC d/b/a Bridgequick.com. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

As you might imagine, ceasing operations was not an easy decision for us. We appreciate having had the opportunity to serve your conferencing needs. Please do not hesitate to give us a call at 1-888-956-8881, if you have any questions or concerns.

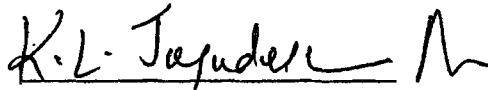

Sincerely,

BridgeQuick Management Team

VERIFICATION

I, Jagadeshwara R. Kodali-Lakshmi, state that I am the owner of Niths Communications LLC d/b/a Bridgequick.com; that I am authorized to make this Verification on behalf of Niths Communications LLC d/b/a Bridgequick.com; that the foregoing Application of Niths Communications LLC d/b/a Bridgequick.com was prepared by my attorneys at Technology Law Group, LLC at my request and using the information that I provided to them; that I approved this Application; and that the contents are true and correct to the best of my knowledge, information, and belief.
